HAHN KT-RKN

DESCRIPTION

The 3-piece Hahn KT-RKN is able to support doors weighing up to 120 kg, depending on the design of the profile sections. With its 18 mm hinge curl, the hinge appears to be incredibly slender. It is suitable for all major profile systems. To attain the greatest possible positive fit, the KT-RKN with the door hinge parts is available for a right-angled connection (0°) and for a slightly slanted connection (5°). The result is a versatile kit that allows door makers to select the butt hinge that is suitable of their requirements. It can also be used for upstand situations of 16.5 mm to 26 mm. A universally usable drilling jig makes work easier for door makers in the workshop.

Mounting and removing the door leaf is particularly easy and convenient. One hinge part can be easily mounted and removed in any position without having to loosen the fastening screws.

The seal always remains intact when it comes to the Hahn KT-RKN. Thus, the door retains its maximum characteristics for keeping out heat, wind and moisture.

- Areas of application:
 - Doors made of PVC sections, suited for both residential and commercial structures
 - Main entrance doors
 - Side entrance doors
 - Entrance doors for flats
 - Functional doors, e. g., emergency exit doors
- No lateral misalignment
- Door hinges are largely pre-assembled

SYSTEM / APPLICATION

- Material: Constructed of extruded aluminium
- Fastening method: Directly mounted in frame and upstand
- Versions: Upstand ranges from 16.5 mm
- Load capacity:
 - Depending on profile section design max. 120 kg
- Adjustability: Door leaf adjustable in six directions
 - Horizontal adjustment variable ± 3 mm
 - Height adjustment, variable up to ± 3 mm
 - Adjustment of sealing pressure variable ± 1 mm
- Certifications: CE certified according to EN1935:2002, hinge class 13
- Colours:
 - Hinges available in EV1 and RAL colours
- Allows door to open up 180°
- Usable DIN left / DIN right
- Bearing point is maintenance-free

KLEINES ROLLENBAND FÜR KUNSTSTOFFTÜREN

Paumelle cylindrique harmonieuse pour porte PVC
Small „Rollenband“ for PVC doors
